

Importer/Exporter Letterhead

Postponed VAT accounting

Postponed accounting for import VAT will be available for all UK VAT registered businesses importing goods into the UK from 1 January 2021. This means that instead of paying VAT at the point of importation of goods into the UK, a business can instead report this on the VAT return.

If it is your intention to use postponed accounting for VAT Zenith International Freight Limited will require confirmation for our records when acting as your direct representative.
